

# **Public Notice of MLUP/CI 16-001 Global's South Kenai 2D Seismic Program**

**February 9, 2016**

The public notice for Global Geophysical Services, Inc.'s (Global) application to conduct a geophysical program over State of Alaska lands in the southern portion of the Kenai Peninsula was posted by the Alaska Dispatch on **February 8, 2016**.

The Division of Oil and Gas had requested the application package be posted on **February 9, 2016**

ADN re-published the notice on February 9, 2016 which marks the beginning of the official public notice and comment period. The comment period will end on March 9, 2016 at 4:30pm Alaska time. The application will be available on the Division of Oil and Gas (Division) website at the following link beginning on February 9, 2016:
